Workplace Achieves B Corp™ Certification, Joining Global Movement for Inclusive and Sustainable Business

July 31, 2024-Workplace is proud to announce that it has become one of the few cleaning and facilities management companies to achieve B Corp™ Certification. With a score of 88.8, Workplace has been recognised for meeting rigorous standards of social and environmental performance, transparency, and accountability. This significant milestone places the company among a growing community of businesses dedicated to building a more inclusive, equitable, and regenerative economy.

Stephen, CEO of Workplace, commented on this achievement: *"I am incredibly proud of our team's drive and commitment to meeting high standards while fostering collaboration with our supply and client partners. Together, we're working towards innovative solutions for environmental and social governance. A special thanks to Junah Espinar for her focus and dedication throughout the B Corp certification process. This achievement is a milestone in our ongoing journey of improvement and responsible business practices."*

Nancy, Founder at True Horizon, who supported Workplace through the accreditation process, adds:

"Guiding Workplace through the B Corp certification process has been a remarkable journey. This achievement reflects their unwavering commitment to better business practices and dedication to continuous improvement."

About the B Corp Certification

B Corp Certification is administered by B Lab, a nonprofit network transforming the global economy to benefit all people, communities, and the planet. B Corps are for-profit companies certified to meet high standards of social and environmental performance, accountability, and transparency. The B Corp community works toward reduced inequality, lower levels of poverty, a healthier environment, stronger communities, and the creation of high-quality jobs with dignity and purpose.
